

SCTE Rocky Mountain Chapter

We're in This Together

Support your Cable Family by Sponsoring a Certification!

These are challenging times for everyone, whether you work in an office, lab, headend, truck, van or customers' homes. We are all affected by the global pandemic and continue to function together closer than ever in our cable community. Times of uncertainty can be difficult, but cable is playing an important role now and in the future of working, learning and living connected.

One of the ways we raise funds for our chapter is to hold events such as vendor day and our annual golf outing which have both been temporarily deferred. Also, one of the primary goals of the chapter is to invest in our membership with training and certifications. As such, we are looking at creative ways to encourage your financial participation and increasing your positive impact on our cable community.

Now is the perfect opportunity for you to help our cable family remain strong by directly supporting a person in the cable industry. In addition to helping someone grow, your company will also receive the following benefits for participating.

- Ongoing recognition in our monthly "Spectrum" newsletter
- Sponsorship recognition at our monthly webinars and other events
- 25% credit towards future events and **annual sponsorship**

BASIC SPONSORSHIP \$300

- Pays for BPI certification test
- \$100 Payout for passed test
- Monthly boot camp
- Personal concierge service

BROADBAND PRO SPONSORSHIP \$1000

- BPI, BPT, BPE certification track
- \$100 payout each test passed
- Monthly boot camp
- Personal concierge service
